Experience in the sector

We have supported major players in the sector for more than 15 years.

Knowledge of the players

BDO is a member of the sector's recognised professional associations and works regularly with energy specialists.

A dedicated team

A department which specializes in renewable energies.

International

As a member of an international network, BDO has a presence in 162 countries with more than 1,591 offices.

With an in-depth knowledge of the renewable energy sector and its regulatory framework, your BDO expert can give you useful advice and facilitate the management of your activities.

ADMINISTRATIVE OUTSOURCING

Our aim is to save you time by taking care of all of your administrative matters:

- ▶ Drawing up production invoices
- ▶ Reception and sorting of mail
- ▶ Administrative management of rents
- ▶ Legal address
- ▶ Preparation of payment orders

TAXATION

By monitoring the changes in regulations, we help you to choose the most advantageous solutions for your business and take care of all the necessary steps:

- ▶ VAT
- ▶ Property declaration
- ▶ Declaration of Contribution Economique Territoriale [local economic contribution tax] and IFR
- ▶ Calculation of tax forecasts
- ▶ Tax studies
- ▶ Corporate Income Tax

DUE DILIGENCE

Our BDO experts prepare and ensure the security of your proposed acquisitions and/or disposals by carrying out an in-depth diagnosis, which is a real decision-making tool:

- ▶ Financial and taxation due diligence
- ▶ Analysis of strengths and weaknesses of your activity/target
- ▶ Acquisition and integration audits

ACCOUNTING MANAGEMENT AND REPORTING

We ensure thorough accounting in compliance with the applicable standards. Our BDO experts will look after your accounts, draw up your reports (French GAAP or IFRS) and carry out consolidation/closure of accounts. They will also monitor your cash flow using forecasts, among other methods.

CERTIFICATION AND CONTRACTUAL AUDITS

Over and above the legal duties of accounts certification, we can also assist in merger operations for example, to check and validate the reliability of the financial information.

STATUTORY AUDIT

BDO audit many energy production companies and industrial companies in energy sector in a national and international context.
